In my parents garage. Origin Office #1 was upstairs above in what was mom's art studio. Only [@DoktorCat](#), JeffHillhouse, Ken Arnold, Chuckles, Keith Z and a couple others worked there with me and Robert before we moved to real offices.

So did you guys build this in Austin, or when you were in New Hampshire? I'm not sure I ever saw the nauseator Mk I.

I still remember your stack of four Axlon Ramdisks you had in that upstairs office, so you could do development and testing of Ultima III a lot faster!
